Good life stories 2025

LEONARDO

WELCOME TO LEONARDO

Dear business partner,

Immerse yourself in the fascinating world of LEONARDO interiors.
Be inspired by our wide range of products and discover the novelties 2025 in our collection.

With passion and attention to detail, we create high-quality products that combine lifestyle and design in an unmistakable way. LEONARDO products are uniquely different, can be easily combined with each other and also make beautiful gifts for family and friends, for business partners and, of course, for yourself.

Offer your customers a collection that conveys a timeless feeling of living and sets stylish accents.

Have fun discovering our lifestyle collection.

Bianca & Olin Wier

Owner of the company glaskoch

HANDMADE - CREATED BY HEART, MADE BY HAND

Unique products with personality - handcrafted manufacturing processes give the products a one-of-a-kind character. Work of art in typical Leonardo quality are labelled accordingly with a hangtag or sticker! We recommend that handmade products in the decoration sector are preferably washed by hand. Handmade glassware can also be cleaned in the dishwasher according to the instructions.

TEQTON - QUALITY YOU CAN CLEARLY SEE

Our patented glass formula ensures a long life! Increased breaking strength and resistance. The glass is well protected, especially when subjected to heavy use, and its long-lasting shine is convincing.

TEQTON® glass is extremely impact resistant, stable and has a scratch-resistant surface. The colour neutrality of the crystal glass ensures an unaltered reproduction and authenticity of the beverage colour.

dishwasher-safe | shockproof | crystal clear

COLORI - OUR COLOUR IS DISHWATERSAFE

High quality, modern, durable, lightfast hydro lacquer, developed specially for tableware applications. Lacquers developed and produced exclusively in Germany. High resistance in everyday use. It even lasts in the dishwasher!

QUALITIES

SUSTAINABILITY PROFILE

As a family business in the 5th generation, we bear responsibility for our employees, and for the environment at our location - our home. As a result of this, we joined selected organisations several years ago and we also started aid projects.

It goes without saying that we adhere to socially and environmentally relevant obligations and rules. We integrate our commitment to the environment and society into our daily processes which we continuously optimize to achieve more with less effort.

Every approach is important so that we can hand over our company to the next generation in a healthy and intact environment.

ENVIROMENT

glaskoch continuously monitors the environmental impact of its commercial activities, both at the site itself and in its supply chains. In doing so, we always aim to continuously reduce negative environmental impacts. As a result, CO₂ emissions caused by energy consumption at the site in Herste have been reduced by more than half over the last 10 years.

Our company has been certified according to the demanding FSC®-standard since 2018.

SOCIAL MATTERS

The management of glaskoch personally guarantees strict compliance with human and labour right, with due regards to equality and discrimination.

All employees have access to an independent, protected complaints management system.

Furthermore, glaskoch has a dedicated specialist for occupational safety, safety officers and first responders in all departments/areas.

Regular training and discussions are very important and are carried out on an ongoing basis.

In our supply chains, we are also continuously driving forward the sustainability issues of social responsibility, occupational safety, and environmental protection as part of our active amfori BSCI membership. Suppliers who are ready for innovation are supported without compromising their self-determination.

QUALITY

Quality is our top priority. As a brand company, we believe we have a duty to our employees, our business partners and, above all, our end consumers. Our products, processes, and practices are constantly scrutinised and optimised where necessary as part of a continuous improvement process.

Member of amfori, the leading global business association for open and sustainable trade. For more information visit www.amfori.org

4002541688545	4002541688361

The LEONARDO shelf talkers are small information signs for the presentation at the POS. The integrated QR codes guide the end consumer to interesting recipes, provide information about the collection and the products or tell exciting adventure stories including colouring templates for children.

A plus in attention and service for your customers!
