Catalogue 2024

At LOQI we are a vibrant bunch that has come together from different corners of the globe. We come from different cultures, speak different languages and embrace different opinions. We value difference — it's in our culture and in our products.

We collaborate with contemporary artists and museums to bring you bags as colourful, bold and diverse as life itself. The more people who like our designs, the more people will practice reuse, the better off we will be tomorrow.

You can find a LOQI just about anywhere on this tiny planet. From the TATE to the MoMA Design Store. From Guggenheim to Galleries Lafayette.

Finally there is enough art to go around!

Frank Lloyd Wright
Foundation

The work of Frank Lloyd Wright (1867–1959) is recognized worldwide as pivotal to the development of modern architecture. Through a deep understanding of our relationship with the natural world, Wright's ideas and designs were inspired by organic forms. His vision, "to make life more beautiful, the world a better one for living in, and to give rhyme, reason, and meaning to life" is carried on through the Frank Lloyd Wright Foundation and represented on the UNESCO World Heritage List.

LOQI bags are made of 100% recycled **GreenCircle** material. The polyester fibers are recycled into high quality fabric at Jiaren New Materials Co., Ltd., tapping into existing resources and reducing environmental pollution. **GreenCircle** regenerated polyester fibres reduce textile waste.

Did you know that RPET material made from plastic bottles cannot be recycled again? This is why we use a material at LOQI that can be recycled again and again without losing tensile strength. The **GreenCircle** technology makes material go full circle – literally!

LOQI bags are **STANDARD 100 by OEKO-TEX®** certified and Recycled Claim Standard (**RCS**) certified. Our packaging is **FSC®** certified. Our electricity is sourced from Greenpeace. The LOQI Factory is accredited by **BSCI**.
